The customer is anxiously looking for information and cold facts. Anything throwing light on the real character of an article is read with keen interest. Customers like to know about materials and manufacturing processes so they can judge for themselves. They do not want simply the route from the western coast of America by way of the Kornan Peninsels, through the land of the Musary's central Europe, and England Different coast of America. The best advertising is the advertising that gives information about goods so that the buyer can get a good iden of just what they are. Then he can form an impression when a low price is offered, whether the goods are second rate, or whether the goods are second rate, or whether the merchant has picked up a special value.

Within the last 30 years 300,000 have been converted and joined the Christian church. This movement is confined to no class, but is a movement in the great mass of Korea's millions. So much is this so that Christian forms of speech and biblical words and phrases have entered the language thus chanking the daily expressions and thoughts of the people. This remarkable change extends even to the most distant cabin of their flords.
